HIGHJ4CKED

THE HOUSE HAS BEEN HACKED.

CYBERPUNK / STREET CULTURE / CASINO OVERRIDE

THE STREET IS THE SYSTEM.

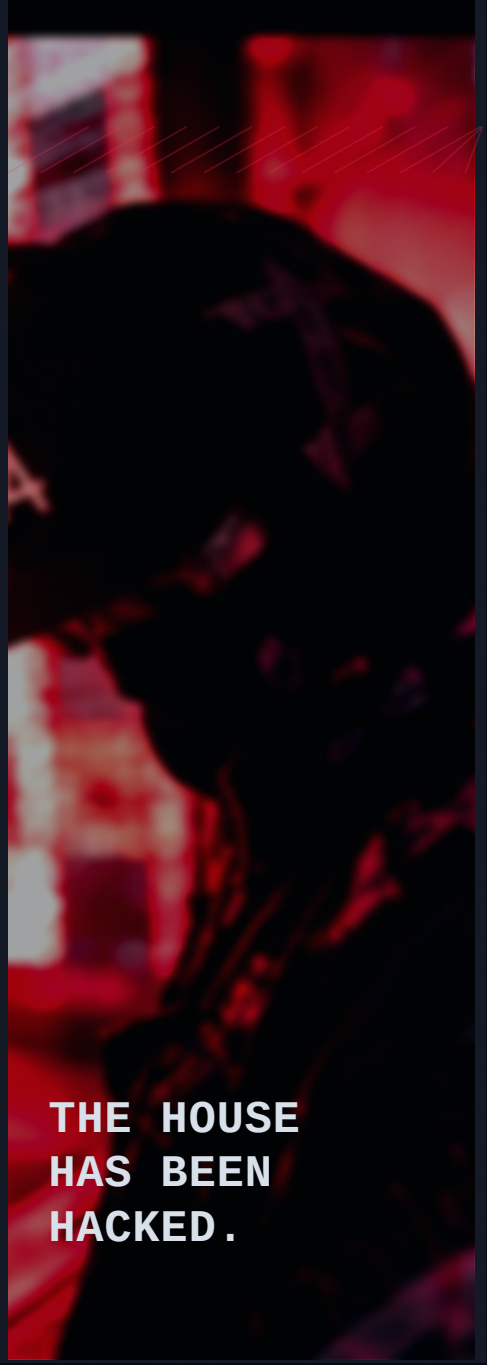

THE SIGNAL

HIGHJ4CKED is a Las Vegas DJ/producer alter ego where cyberpunk street culture collides with a casino system takeover. Built around trap's explosive low end and techno's driving pulse, the project turns glitching slot reels, neon-lit backstreets and hacked-terminal graphics into a distinct high-stakes identity.

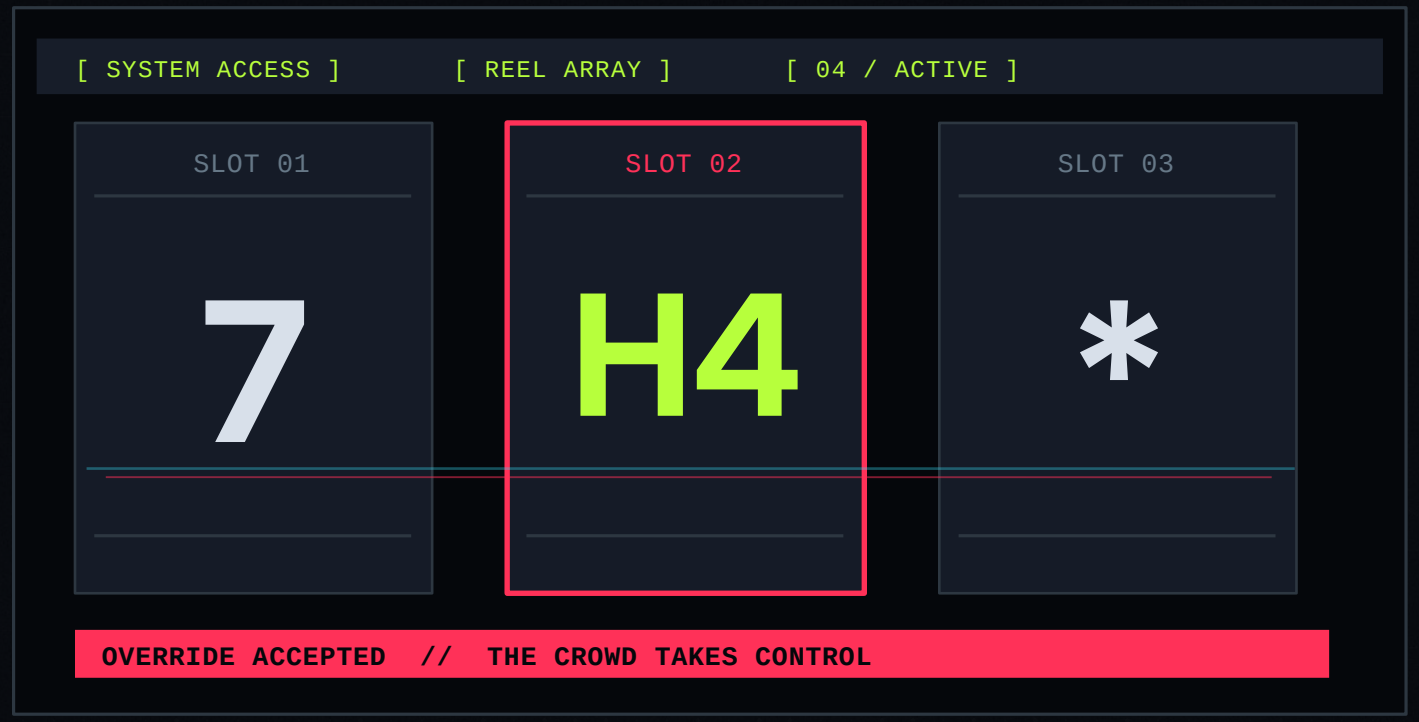

SHORT PRESS BIO

HIGHJ4CKED is a Las Vegas trap-and-techno DJ/producer project that merges cyberpunk street culture, heavy bass and dark warehouse energy with casino-hacker aesthetics. The house has been hacked.
